- post individual items from the Subscribed Products on social networking sites; or
- substantially or systematically reproduce, retain, store locally, redistribute or disseminate the Subscribed Products.

Elsevier and the Subscriber both acknowledge the unique challenges and complexities around the emerging artificial intelligence technologies and LLMs and agree to mutually monitor the legislative and technological developments and support each other in developing policies and protocols for both parties' benefit.

Authorized Users who are individuals who are independent contractors or are employed by independent contractors may use the Subscribed Products only for the purposes of the contracted research work for the Institutions.

#### 1.5 *Intellectual Property Ownership.*

The Institutions acknowledge that all right, title and interest in and to the Subscribed Products remain with Elsevier and its suppliers, except as expressly set forth in this Agreement, and that the unauthorized redistribution or dissemination online of the Subscribed Products could materially and irreparably harm Elsevier and its suppliers.

#### 1.6 *Text and Data Mining.*

The Subscriber may, subject to the use restrictions set out below, for academic research purposes only:

This work permits academic research purposes only, distribution, and reproduction in any medium, provided the original author and source are credited.”

Upon completion of the relevant text and data mining project, Subscriber will immediately and permanently delete all copies (including back-ups or otherwise) of the Subscribed Product datasets, but Subscriber may retain a copy of the TDM Output for academic research purposes subject to the terms and conditions as set out in this Agreement.

The Subscribed Product datasets and any TDM Output may be accessed, processed, or hosted by, third party vendors retained by the Subscriber only with the express written permission of Elsevier and solely for the purposes as set out in Section 1.3. Subscriber will ensure that the third-party vendor will not ingest the Subscribed Product datasets for any other reasons as defined in this Agreement, will keep such Subscribed Product datasets secure in accordance with the terms of this Agreement, and will have no right or ability to use the Subscribed Product datasets in any other product or service offering. The Subscriber shall ensure that the third-party vendor shall immediately delete the Subscribed Product datasets and TDM Output from its servers upon termination or expiration of this Agreement or, if earlier, the agreement between Subscriber and the third-party vendor.

#### TDM restrictions

Subscriber and its Authorized Users may not create any derivative work (including TDM Output) in a way that would compete with or have the potential to substitute and/or replicate and/or reverse engineer back to any existing Elsevier products, services and/or solutions including a substantial part thereof or otherwise commercially use or allow commercial use of the derivative work (including TDM Output).

The parties have agreed to the open access terms as attached hereto as Schedule 3.

## **SECTION 2. ELSEVIER PERFORMANCE OBLIGATIONS.**

#### 2.1 *Access to Subscribed Products.*

Elsevier will make the Subscribed Products accessible to the Institutions and their Authorized Users from the internet address set forth on Schedule 1 or as may be otherwise set forth herein, upon receipt by Elsevier of this Agreement document in the territory of The Netherlands, as duly signed by the Subscriber, which acceptance will be evidenced and timestamped by an authorised representative of Elsevier in the

Netherlands.

#### 2.2 *Quality of Service.*

Elsevier will use reasonable efforts to provide the Subscribed Products with a quality of service consistent with industry standards, specifically, to provide continuous service with an average of 98% up-time per year, with the 2% down-time including scheduled maintenance and repairs performed at a time to minimize inconvenience to the Institutions and their Authorized Users, and to restore service as soon as possible in the event of an interruption or suspension of service. If, due to causes within its reasonable control, Elsevier is unable to provide the Institutions with access to the service for a period exceeding five (5) consecutive days, then Elsevier will refund to the Consortium the amount of the Fees calculated by dividing the number of days of downtime by 365 and multiplied by the amount of the Fees for the current year. The remedy provided herein is in addition to and not exclusive of any other rights and remedies that the Subscriber may have under this Agreement and at law or in equity. Elsevier will provide the Consortium on request with an annual statistic showing the quality of service.

#### 2.3 *Withdrawal of Content.*

Elsevier reserves the right to withdraw from the Subscribed Products content that it no longer retains the right to provide or that it has reasonable grounds to believe is unlawful, harmful, false or infringing and will notify the Consortium of the same. If the withdrawal represents more than five (5%) per cent of the Subscribed Products content comprising the Subscribed Products, Elsevier will refund the Consortium an amount which is proportional to the withdrawn content and remaining unexpired portion during the period in which the Fees were paid.

#### 2.4 *Usage Data Reports.*

Elsevier will make usage data reports on the usage of each Institution's activity available to the Consortium as described at <https://www.elsevier.com/librarian/usage-reports/>. Elsevier will make commercially reasonable efforts to comply with the currently valid COUNTER Code of Practice and the SUSHI Protocol.

#### 2.5 *Open URL.*

Elsevier will make commercially reasonable efforts to comply with the then currently valid Open URL.

#### 2.6 *KBART.*

Elsevier will use its best endeavours to adhere to the specifications of the KBART standards (<http://www.uksg.org/kbart/s5/guidelines>).

#### 2.8 *Freedom Collection List.*

The Freedom Collection Journal Title List is available at: [http://www.elsevier.com/solutions/sciencedirect/content/journal-title-lists#journal\\_title\\_list](http://www.elsevier.com/solutions/sciencedirect/content/journal-title-lists#journal_title_list) and is updated annually.

The subscription price list for librarians and agent is available at: <https://www.elsevier.com/about/policies-and-standards/pricing/journals>

The embargo period per journal is available at: [https://legacyfileshare.elsevier.com/promis\\_misc/external-embargo-list.pdf](https://legacyfileshare.elsevier.com/promis_misc/external-embargo-list.pdf)

#### 2.9 *Permanent Access Support.*

Elsevier cooperates with a number of digital preservation services provided by e.g. CLOCKSS, LOCKSS and Portico for the preservation of certain online products of Elsevier. In the case of a triggering event set forth in Elsevier's agreements with the digital preservation services, the Institutions shall be entitled to access and use the Subscribed Products in accordance with the terms and conditions of this Agreement. It

is at Elsevier's sole discretion to enter into or to continue such agreements.

#### 2.10 *Journal Transfer.*

Elsevier will make commercially reasonable efforts to comply with the TRANSFER Code of Practice, Version 4.0, published by the National Information Standards Organization (“NISO”). For more information, see the ScienceDirect Archiving Policy and the Library Connect newsletter article about TRANSFER (Aug 2009).

#### 2.11 *Data sharing with Third Parties.*

Except for fulfilling its obligations under this Agreement and for its own purposes only, Elsevier will not share Subscriber data, including usage data and Institutions’ IP-addresses with any third party, including IP-Registry and Google without prior written consent from the Consortium. For the avoidance of doubt, the Subscriber has opted-out from Google CASA and Google Scholar Subscriber Links Program and as such, sharing of Subscriber data in relation to both of these programs is not part of this Agreement and would require written permission from the individual Institution if such Institution would like to activate them.

### **SECTION 3. INSTITUTIONS PERFORMANCE OBLIGATIONS.**

#### 3.1 *Authentication.*

Access to the Subscribed Products will be authenticated by the use of Internet Protocol (“IP”) address(es) and/or usernames and passwords and/or a delegated authentication mechanism requiring at least two different credentials, as identified on Schedule 2. Access to the Subscribed Products by Authorized Users who are Walk-in Users is permitted provided that access is limited to fixed terminals/workstations at the Sites only. Remote access to the Subscribed Products by Walk-in Users is not permitted. The distribution of usernames/passwords and other access credentials to such Authorized Users or otherwise made discoverable by those Authorized Users is not permitted.

#### 3.2 *Protection from Unauthorized Access and Use.*

The Institutions will:

- take appropriate measures to protect against the misuse or unauthorized access, whether by the Institutions or any third party, through or to (a) the Institutions’ credentials used to access the Subscribed Products; and (b) the Subscribed Products and/or information derived therefrom;
- manage identification, use, access and control of all credentials used to access the Subscribed Products in an appropriately secure manner, including, but not limited to, by:
  - limiting access to and use of the Subscribed Products to Authorized Users and notifying all Authorized Users of the usage restrictions set forth in this Agreement and that they must comply with such restrictions;
  - issuing any passwords or credentials used to access the Subscribed Products only to Authorized Users, not divulging any passwords or credentials to any third party, and notifying all Authorized Users not to divulge any passwords or credentials to any third party; and
  - providing true, complete and accurate IP addresses, as identified on Schedule 2, (if any) for the exclusive use by each Institution (including, if requested by Elsevier, written confirmation by the relevant third party internet service provider) and proactively informing Elsevier of any changes to each Institution’s IP addresses, including the addresses no longer being used exclusively by each Institution.
- immediately deactivate any credentials when no longer needed or where access presents a

security risk;

- implement and maintain its own appropriate program for credentials management and ensure access to the Subscribed Products via such credentials is reviewed on an appropriate basis; and
- promptly upon discovering itself, or being notified by Elsevier or a third party, that there has been unauthorized use of the Subscribed Products or a security issue permitting unauthorized use, Subscriber will take appropriate steps to end such activity and to prevent any recurrence, including, but not limited to, implementing required updates and configuration where needed to rectify the issue. When notified by a third party or upon discovering the unauthorized use directly, Subscriber must promptly notify Elsevier of the unauthorized use. Subscriber will cooperate with Elsevier and share information, subject to any applicable confidentiality or nondisclosure obligations, concerning the unauthorized use or security issue.

In the event of any unauthorized use of the Subscribed Products, Elsevier may suspend the access and/or require that the Subscriber suspend the access from where the unauthorized use occurred upon notice to the Subscriber. The Subscriber will not be liable for unauthorized use of the Subscribed Products by any Authorized Users provided that the unauthorized use did not result from the Subscriber's own negligence or willful misconduct and that the Subscriber did not permit such unauthorized use to continue after having actual notice thereof. The Subscriber will be responsible for the adherence to the terms and conditions of this Agreement by a third party provider the Subscriber engages, in particular, if such third party provider supplies and manages IP addresses.

### 3.3 *Security Requirements.*

Each Institution agrees that it will have in place documented policies and procedures, which will be reviewed by the Institution periodically, and if appropriate, tested and updated, covering the administrative, physical and technical safeguards in place and relevant to the access, use, loss, alteration, disclosure, storage, destruction and control of information. The Subscriber will promptly notify Elsevier if it determines that there has been a failure of such safeguards if such failure results in a compromise of the confidentiality or security of any Elsevier Content provided hereunder and cooperate with Elsevier's reasonable requests surrounding such failure, including taking appropriate steps to end such activity and to prevent any recurrence. For the purpose of this Section 3.3, "Elsevier Content" means any material or information which Elsevier provides or makes available to the Institutions in connection with the Subscribed Products and performance of this Agreement.

## **SECTION 4. FEES AND PAYMENT TERMS.**

Provided that Elsevier issues an invoice, the Consortium will pay to Elsevier the fees set forth in Schedule 1 (the "Fees") within thirty (30) days of date of invoice for the Fees due for the first year, provided there is a signed agreement between the parties. . Date of invoice for the Fees due for the following years of the Term cannot be earlier than December 15<sup>th</sup> . Late payments will be subject to interest charges of 1% per month on the unpaid balance. In addition to other remedies provided in this Agreement, Elsevier reserves the right to suspend access to the Subscribed Products upon thirty (30) days' prior written notice and without incurring liability if 1) the full amount of any Elsevier invoice hereunder has not been paid within the agreed payment deadline or 2) any invoice is outstanding under previous subscription agreements between parties for the Subscribed Products. The suspension of the Institutions' access for non-payment or on any other grounds provided herein is without prejudice to the Subscriber's obligation to pay its outstanding and future invoice amounts in full. Elsevier and the Subscriber acknowledge that the Fees payable under this Agreement are not in the nature of royalties and consequently no withholding tax should be applied to the Fees. The Fees will be exclusive of any sales, use, value added, withholding or similar tax and the Subscriber will be liable for any such taxes in addition to the Fees. Any sum to be paid by the Consortium to Elsevier under this Agreement will be paid by way of transfer to Elsevier's bank account in the Netherlands. The currency of account and the currency of payment for any sum to be paid by the

Consortium to Elsevier under this Agreement will be EUR (meaning the lawful currency of the European part of the Netherlands at the effective date of this Agreement), notwithstanding any changes in Euro zone membership that might occur after the effective date of this Agreement, except in the event that (a) the Netherlands cease to be a member of the Euro zone of the European Union or (b) all participating members of the Euro zone cease to do so and the Euro ceases to exist, in which event the sum will become payable in the currency that will be officially adopted as the legal currency in the Netherlands. The Consortium waives any right it may have at any time in any jurisdiction to pay any sum under this Agreement in a currency unit other than that in which it is expressed to be payable under this clause. The Consortium will be charged local value added tax (VAT), based on the Consortium's place of establishment, unless the Consortium is a foreign relevant business person and provides to Elsevier its VAT Identification Number. The Consortium will promptly notify Elsevier of any changes to its VAT Identification Number or VAT status. Elsevier may charge the Consortium any VAT, fines, penalties, interest and other costs that Elsevier may incur as a result of incorrect VAT information.

## **SECTION 5. DURATION.**

### *5.1 Term.*

The term of this Agreement will commence on 01 January 2025 and continue through and including 31 December 2028 ("Initial Term").

### *5.2 Early Termination for individual Institutions.*

An Institution may terminate this Agreement upon thirty (30) days' notice given by the Institution to Elsevier if sufficient funds are not provided, allocated or allotted in future government-approved budgets of the Institution or reasonably available or expected to become available from other sources at the time the Consortium's payment obligation attaches to permit the Institution, in the exercise of its reasonable administrative discretion, to continue this Agreement. The Institution shall provide proof thereof in the form of a letter from the authorized representative of the Institution's and/or a definitive budget decision letter from the relevant funding body. Notwithstanding the foregoing, if access to the Subscribed Products was provided but not yet paid for prior to termination, Elsevier will be entitled to receive a pro rata portion of the Fees attributable to the period of time that access was provided.

## **SECTION 6. ELSEVIER WARRANTIES AND INDEMNITIES.**

### *6.1 Warranties.*

Elsevier warrants that use of the Subscribed Products in accordance with the terms and conditions herein will not infringe the intellectual property rights of any third party.

### *6.2 Indemnities.*

Elsevier will indemnify, defend and hold harmless the Institutions and their Authorized Users from and against any loss, damage, costs, liability and expenses (including reasonable attorneys' fees) arising from or out of any third-party action or claim that use of the Subscribed Products in accordance with the terms and conditions herein infringes the intellectual property rights of such third party. If any such action or claim is made, the Subscriber will promptly notify and reasonably cooperate with Elsevier. This indemnity obligation will survive the termination of this Agreement.

### *6.3 Disclaimer.*

EXCEPT FOR THE EXPRESS WARRANTIES AND INDEMNITIES STATED HEREIN AND TO THE EXTENT PERMITTED BY APPLICABLE LAW, THE SUBSCRIBED PRODUCTS ARE PROVIDED "AS IS" AND ELSEVIER AND ITS SUPPLIERS EXPRESSLY DISCLAIM ALL WARRANTIES AND REPRESENTATIONS OF ANY KIND WITH REGARD TO THE SUBSCRIBED PRODUCTS AND ANY OTHER DATA, DOCUMENTATION OR MATERIALS PROVIDED IN CONNECTION WITH THIS AGREEMENT, INCLUDING BUT NOT LIMITED TO ANY ERRORS, INACCURACIES, OMISSIONS, OR DEFECTS CONTAINED THEREIN, AND ANY IMPLIED OR EXPRESS WARRANTY AS TO MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

#### 6.4 *Limitation of Liability.*

Except for the express warranties and indemnities stated herein and to the extent permitted by applicable law, in no event will Elsevier or its suppliers be liable for any indirect, incidental, special, consequential or punitive damages including, but not limited to, loss of data, business interruption or loss of profits, arising out of or in connection with this Agreement, nor will the liability of Elsevier and its suppliers to the Institutions exceed a sum equal to the Fees paid by the Consortium hereunder during the twelve (12) month period immediately preceding the date on which the claim arose, even if Elsevier or any supplier has been advised of the possibility of such liability or damages.

### **SECTION 7. GENERAL.**

#### 7.1 *Force Majeure.*

Neither party's delay or failure to perform any provision of this Agreement as a result of circumstances beyond its control (including, but not limited to, war, strikes, fires, floods, power failures, telecommunications or Internet failures or damage to or destruction of any network facilities or servers) that prevents it from fulfilling its obligations under this Agreement (any such circumstances being "Force Majeure") will be deemed a breach of this Agreement. The parties agree that the departure of one or more members of the Euro zone will not, in and of itself, be a "circumstance beyond its control" and will not have the effect of discharging or excusing performance of (any obligation under) this Agreement. Notwithstanding the foregoing, a party's financial inability to perform its obligations will in no event constitute a Force Majeure.

#### 7.2 *Severability.*

The invalidity or unenforceability of any provision of this Agreement will not affect any other provisions of this Agreement.

#### 7.3 *Entire Agreement.*

This Agreement contains the entire understanding and agreement of the parties and replaces and supersedes any and all prior and contemporaneous agreements, communications, proposals and purchase orders or Subscriber terms, written or oral, between the parties with respect to the subject matter contained herein.

#### 7.4 *Modification.*

No modification, amendment or waiver of any provision of this Agreement will be valid unless in writing and signed by the parties, except for changes reflecting substituted titles, IP addresses, authentication mechanisms, invoicing and contact address details which may be confirmed by Elsevier in an email notice sent to the Consortium.

#### 7.5 *Assignment.*

The Subscriber will not assign, transfer or license any of its rights or obligations under this Agreement unless it obtains the prior written consent of Elsevier, which consent will not unreasonably be withheld.

#### 7.6 *Privacy*

To the extent that the Institutions or their Authorized Users provide any personal data to Elsevier during account registration or otherwise, the parties acknowledge and agree that such information will be processed by Elsevier in accordance with the Elsevier privacy policy at <https://www.elsevier.com/legal/privacy-policy> and the Elsevier Data Processing Addendum at <https://www.elsevier.com/legal/data-processing-terms> ("DPA"). The parties acknowledge and agree that each party acts as an independent controller of any personal data shared or otherwise processed under this Agreement and has complied and will comply with its obligations under the Data Protection Laws. Terms used but not defined in this section shall have the meanings ascribed to them in the DPA.

#### 7.7 *Notices.*

All notices given pursuant to this Agreement will be in writing and delivered to the party to whom such notice is directed at the address specified below or the electronic mail address as such party will have designated by notice hereunder.

If to Elsevier: Elsevier B.V., Radarweg 29, 1043 NX Amsterdam, The Netherlands.

If to the Consortium/ and or the Institutions: Det Kgl. Bibliotek, Søren Kirekegaards Plads 1, 1221 København K Att, Licensing Services, Denmark

#### 7.8 *Confidentiality.*

This Agreement or any part of it can freely be made public by the parties, provided that all personal information is removed.

#### 7.9 *Good faith negotiations - Compliance with Laws.*

Both parties declare having negotiated in good faith, having shared all information relevant for the other party's decision to enter this Agreement and that they comply with all laws, regulations, and guidelines regarding anti-corruption, anti-bribery and ethical behaviour to which they are subjected.

Elsevier reserves the right to deny access to the Subscribed Products to any person or entity who is prohibited from receiving such access based on any applicable export control and trade sanctions laws or embargo programs.

#### 7.10 *Execution.*

This Agreement and any amendment thereto may be executed in counterparts, and signatures exchanged by facsimile or other electronic means are effective to the same extent as original signatures.

#### 7.11 *Governing law.*

This Agreement is governed by the laws of Denmark.

The parties mutually agree that they will first attempt, in good faith, to resolve any dispute arising from this Agreement through direct negotiation. In the event a dispute arising from this Agreement cannot be resolved informally, the dispute shall be resolved by the courts of Denmark.

#### 7.12 *Contracting Authority and Power of Attorney.*

Each Institution has authorized the Consortium to enter into this Agreement on its behalf and to enforce this Agreement against it. The Consortium represents and warrants that the Institutions acknowledge and agree to be bound by the terms and conditions of the Agreement, including but not limited to the restrictions on access to and use of the services as set forth in the Agreement. The Consortium will inform each individual Institution specified in Schedule 2 of the terms and conditions of access.

#### 7.13 *Adding Institutions.*

Institutions may be added to Schedule 2 provided that written notice is given by the Consortium to Elsevier by October 1<sup>st</sup> prior to the start of the next calendar year of the Term and subject to (i) an appropriate recalculation of the Fees following the pricing principles for new institutions agreed between Elsevier and the Consortium., (ii) the identification of the Sites and authentication methods and (iii) the execution of an amendment to this Agreement.

#### 7.14 *Mergers/Divestments.*

Subject to Section 7.5, if an Institution merges with or acquires an institution not set forth in Schedule 2, the Institution shall promptly notify Elsevier of such change. Any material changes in the number of Authorized Users arising from such merger or acquisition may result in Elsevier terminating the Agreement for the relevant Institution at the end of the year for which the Fees were paid unless the parties are able to agree to appropriate fee adjustments for any subsequent years of the Term following

the pricing principles for new institutions agreed between Elsevier and the Consortium. Entering into any other kind of affiliation, cooperation or partnership with another organization, does not give an Institution the right to grant access to the Subscribed Products to any such affiliation, cooperation or partnership organization, unless such right is granted in writing by Elsevier by means of an amendment to this Agreement.

In the event of a divestment of an Institution during the Term, and if the divested institution wishes to continue to receive access to the Subscribed Products from Elsevier under this Agreement, such access shall be provided for the remainder of the calendar year in which such divestment took place, subject to the rights and restrictions hereof, under the responsibility of the Consortium and subject to an appropriate amendment to this Agreement.

*7.15. Greenhouse gas emissions.*

Elsevier is committed to achieving net zero greenhouse gas (GHG) emissions by 2040 and is committed to working with its partners to quantify and measure emissions, and take steps to reduce emissions. As part of this commitment, Elsevier aims to enhance its dialogue with the Consortium under the ambit of the Elsevier climate action program.

Denmark's climate targets are a reduction of 70% in GHG emissions by 2030 and attainment of net neutrality by 2040. The Consortium seeks from Elsevier an annual account of the total GHG emissions. As part of the Consortium's and Elsevier's ongoing engagement under the climate action program, Elsevier agrees to enter into a pilot to explore how to allocate and report specifically on digital emissions derived from the Consortium's activities, including energy consumption leading to GHG discharges in accordance with GHG-P scope 3.11, pertaining specifically to data center usage and web-based software applications.

**IN WITNESS WHEREOF**, the parties have executed this Agreement by their respective, duly authorized representatives as of the date first above written.

**ELSEVIER SUBSCRIPTION AGREEMENT**  
**Schedule 3**  
**Open Access Terms**

**1. Background**

- 1.1. Corresponding authors affiliated with an Institution shall be referred to as “Corresponding Author(s)”. For the purposes of eligibility, the Corresponding Author is the single author who manages the publication process for an article from submission to post acceptance and corresponds with Elsevier on the same.

**2. Open Access**

- 2.1. During the whole Term (hereinafter “Open Access Term”), Corresponding Authors are granted the right to publish an unlimited number of open access articles in:
- (a) Elsevier owned and Elsevier published core hybrid Freedom Collection journals set out in Annex A to this Schedule 3, without having to pay an article publishing charge (“APC”), subject to the terms of this Schedule 3.
  - (b) Elsevier owned and Elsevier published institutionally subscribed core hybrid non-Freedom Collection journals set out in Annex AB to this Schedule 3, without having to pay an article publishing charge (“APC”), subject to the terms of this Schedule 3.
- 2.2. Journal inclusions may from time to time be subject to change, including, but not limited to, changes resulting from the addition of new journal titles, journal transfers and/or changes of business model or ownership.

If a core hybrid journal that is also an Eligible Journal converts to fully gold open access during the Open Access Term, such journal will remain an Eligible Journal under this Agreement.

**3. Workflow**

- 3.1. The Elsevier publishing workflow will use the acceptance date to determine the eligibility of an article under this Agreement. In order to benefit from the commercial arrangements mentioned in this Schedule 3, articles submitted by the Corresponding Author must be accepted by the relevant Eligible Journal during the Open Access Term.
- 3.2. In Elsevier’s journal workflow, the Corresponding Author must specify the Institution that they are affiliated to and the relevant research funding source(s). Based on this data, Elsevier will provide the Corresponding Author with the relevant publishing options.
- 3.3. In the event a Corresponding Author has chosen the open access option, the journal article, if accepted for publication in an Eligible Journal, shall automatically be published under a CC BY license, unless otherwise actively chosen by the Corresponding Author, subject to the conditions and process set forth herein with the authors of such article retaining their copyright (other than for certain society journals).
- 3.4. The Elsevier Open Access Platform (“EOA Platform”) requires the Consortium to make reasonable efforts to accurately validate that the relevant Corresponding Author is affiliated with the Institution, and will provide the Institution with the available relevant details including Corresponding Author name and e-mail address, DOI, article title, article type,

journal title, research funding, submission and acceptance date of the article and the APC. The Consortium will receive a notification via email to validate a Corresponding Author's eligibility on the EOA Platform.

- 3.5. The Institutions are responsible for informing Corresponding Authors that they are required to identify themselves as being a Corresponding Author in Elsevier's journal workflow in order to benefit from the commercial arrangements under this Agreement.
- 3.6. Each Institution will have access to the EOA Platform in order to validate a Corresponding Author's eligibility within 15 business days after Elsevier sends an eligibility validation notification to the Institution via the EOA Platform ("Validation Date").

#### **4. Payment and Invoicing**

- 4.1. The Corresponding Author is responsible for the payment of the APC.
- 4.2. The Consortium will have access to the EOA Platform in order to validate a Corresponding Author's eligibility within fifteen (15) working days after a Corresponding Author has selected the open access option in Elsevier's journal workflow.
- 4.3. In the event that the Consortium does not validate the eligibility of an author by the Validation Date, the relevant Corresponding Author must pay the APC themselves and Elsevier will send the Corresponding Author an invoice for the APC list price as at the submission date of the relevant article or may request to publishing their article under the subscription model by contacting Elsevier at [RASupport@Elsevier.com](mailto:RASupport@Elsevier.com).
- 4.4. If the Corresponding Author chooses to pay the APC pursuant to clause 4.3, Elsevier will send the invoice to the address provided by the Corresponding Author.
- 4.5. If the Consortium does not validate the eligibility of an author by the Validation Date, and the author chooses to pay the APC pursuant to clauses, Elsevier will send the invoice to the address provided by the Corresponding Author.
- 4.6. Corresponding Authors will be invoiced for any articles published in journals that are not included under this Agreement at the then current APCs as set out at <https://www.elsevier.com/books-and-journals/journal-pricing/apc-pricelist>.
- 4.7. Corresponding authors who have chosen to publish under the subscription model, and who could otherwise have used the agreement to publish Open Access without paying APCs, have until January 31<sup>st</sup> of each year to request Elsevier to convert articles published in the previous year to Open Access at no charge. Elsevier should be contacted at [RASupoprt@elsevier.com](mailto:RASupoprt@elsevier.com).

#### **5. Reporting**

- 5.1. The Consortium will have access to Elsevier's Open Access Platform Analytics module ( <https://oap.elsevier.com/s/analytics> ) from which it can harvest reports that include a breakout of all articles (open access and subscription based) published by Corresponding Authors in the Elsevier journals governed by this Agreement. Minimum metadata requirements are: Corresponding Author name, Corresponding Author affiliation, corresponding e-mail, funding grant IDs (if provided), date of submission, date of acceptance, journal title, ISSN, article title, article type, article APC and discount (if any), open access Y/N, DOI, and CC license.

**Annex A to Schedule 3  
Core Hybrid Eligible Journals**

This list of eligible core hybrid journals may from time to time be subject to non-material changes, including but not limited to, changes resulting from the addition of new journal titles, journal transfers and changes of business model or ownership.

**Annex B to Schedule 3  
Institution Journal Titles**

This list sets out the eligible core hybrid journals outside of the Freedom Collection that certain Institutions separately subscribe to. Please note that the titles in blue are titles to which ALL INSTITUTIONS have publications rights, as long as at least one institution subscribes to the title. Reading rights are nonetheless restricted to institutions that subscribe to the specific titles in the list. Subject to clause 2.2 of this Schedule 3, this list is subject to change if an Institution terminates its subscription to any such journals or subscribes to additional core hybrid journal outside of the Freedom Collection.
